

## H 2/10

| Model  | Length |
|--------|--------|
| H 2/10 | 2 m    |

### Technical details:

|                    |                                       |
|--------------------|---------------------------------------|
| Item description   | Original folding rule                 |
| Material           | Nordic birch                          |
| Surface            | lacquered, natural                    |
| Graduations        | mm/cm, 2-piece, printed on both sides |
| Number of sections | 10                                    |
| Section thickness  | 2.4 mm                                |
| EC accuracy class  | III                                   |
| Joints             | Steel, epoxy-coated                   |

### CHARACTERISTICS:

- Nordic Birch ensures high degree of elasticity and break resistance
- Concealed joints for improved readability
- Highly abrasion-resistant, dirt-repellent, and moisture-resistant protective coating
- Robust joints made of high-quality spring steel, epoxy-coated for optimal corrosion protection
